

SSB 330 - Technical Specifications

Industrial & Construction | Bias | R-4 | TL | 5 Years

Salient Features & Benefits

Skid Steer Bias SSB 330, specially designed for use in a Skid steer vehicle.

Superior Contact and Stability:

- Solid Centre Lug Design.
- Offers a wide contact patch for improved ground stability, reducing vibrations and ensuring a smooth ride on mixed surfaces like asphalt, gravel, and mud.

Enhanced Traction on Loose Surfaces:

- Open Shoulder Design.
- Maximizes grip on soft and uneven terrains such as mud and loose gravel, improving off-road performance and control.

Machineries

Skid Steer Loader
