

## MPB 400 - Technical Specifications

Industrial & Construction | Bias | MPT | TL | 5 Years

### Salient Features & Benefits

**Multi-Purpose Bias 400, designed for concrete mixer, telehandler & mini dumper applications.**

#### Smooth Ride and Driving Comfort

- Wider Centre Lug.
- Minimizes vibrations and delivers a smoother, more comfortable driving experience across both paved and uneven terrain.

#### Reliable Grip in All Conditions

- Specially Designed Tread for Multi-Purpose Applications.
- Provides excellent traction and grip on- and off-road, ensuring reliable performance in field work, road transport, and municipal operations.

#### Enhanced Structural Durability

- Reinforced Carcass Construction.
- Carry's high load & provides resistance to puncture with extended tyre life, even in demanding multi-surface environments.

## Machineries

Telehandler

Self Loading Concrete Mixer

Mini Dumper
