

IMB 163 - Technical Specifications

Agriculture | Bias | I-1 | TL | 5 Years

Salient Features & Benefits

IMB 163, specially designed for Implements

High Load Carrying Capacity

- Constant tension carcass with reinforced construction
- Handles heavy loads with stability in both field and transport operations

Better Soil Protection

- Wide, flat tread profile with large contact area
- Minimises compaction and safeguards soil health during repetitive field operations.

Excellent Road ability

- Ribbed tread with wider centre rib
- Offers a smooth ride, better steering control at higher speeds, and lower rolling resistance

Longer Tyre Life

- High rubber volume with durable compound
- Reduces wear and extends tyre life even under rough surfaces and long hauls

Machineries

Implement

Standard: ProductComponent.International Standards

Dimensions ProductComponent.International Standards

ECE	-
Tyre Size	11L-15 SL
Rec Rim	8
Alternate Rim	10LB
PR & LI/SI	8 PR 113 B
Section Width (mm)	279
Overall Diameter (mm)	777
Static Load Radius (mm)	354
Rolling Circumference (mm)	2324
Type	TL

Note: Section Width And Overall Diameter Are Unloaded Dimensions.

Load Capacity

	km/h / bar	2.5
	30	1270
	50	1150
